

Brain Tumors are a devastating disease. There is no known cure. Because brain tumors are located at the control center for thought, emotion and movement, their effects can be devastating. This network was established to provide care and hope to those diagnosed with the illness. We are working hard to increase public awareness and to advocate to our representatives at the federal and state level to better support those in the brain tumor community. A dramatic increase in funding to support brain tumor research and clinical trials is needed immediately to find better treatments and a cure.

Facts About Brain Tumors

Each year 190,000 people in the United States will be diagnosed with a brain tumor. 40,000 will be primary tumors.

Brain tumors are the leading cause of cancer death in children.

About every 3 minutes someone in the U.S. is diagnosed with a brain tumor.

There are more than 120 types of brain tumors. The majority of adult brain tumors are diagnosed in the final grade. Because of lack of early detection tools, the patient often lives less than one year.

There is no known cause and no effective cure for most brain tumors.

All brain tumors are life threatening. Increased growth will destroy vital brain structures affecting health and vitality.

\$125,000.00 AND COUNTING!!

During the past six years, with your help and support, BRAIN has raised \$125,000. This has enabled us to support important research and quality of life projects both locally and nationally and to fund our information packet program, which has provided more than 700 information packages to newly diagnosed brain tumor patients and their families.

Thank you for your continued support.

Share Hope and Keep On Walking!

B.R.A.I.N. is a member of The International Brain Tumor Alliance (IBTA) www.theibta.org and IBTA is sponsoring International Brain Tumor Awareness Week, October 31st — November 6th. As part of this week of awareness there will be a “walk around the world” for brain tumors and we will donate your kilometers from our walk to the world total in an effort to collect 120,000k (3 times the circumference of the earth).

Thank you for helping to raise AWARENESS!!
